This agreement is effective as of: _____ 2017. The lawn mowing agreement is between Solar Mowing and _____ who is referred to here as "Client."

Solar Mowing Service

Service will include grass cutting, edge trimming, and clearing/blowing walkways and driveway. The client's lawn will be serviced approximately every week from about April 1-June 30 and every two weeks from about July 1-October 31.

Mowing/Trimming Cost

21 mows X _____ (your price) = \$_____.

Payment

You can choose to receive monthly invoices (via email) and pay by check monthly. Or, you can pay all of your estimated balance upfront, or in two equal payments (March 1 and July 1). Solar Mowing will reimburse for undone mowings (as in the case of dry weather); likewise the client will pay for any additional mowings. If lawns have an excess of sticks and branches (for example, after a storm) a pick-up fee may be incurred. An extra charge will also be incurred for pet waste pick-up.

Cancellation Policy

Either party may cancel this service agreement at any time. Solar Mowing will return funds for undone mows. Likewise, clients who cancel will remit for any unpaid, completed mows.

The Solar Mowing Guarantee

All mowing will be done by battery-powered mowers charged by solar PV panels or with kilowatts purchased from a wind energy source. Please see 'Rules of the Lawn' at www.solarmowing.com for cutting policies.

I HAVE READ THE ABOVE AGREEMENT AND AGREE TO ITS TERMS.
